

National Teaching Institute

Course Submission Details

Dear Potential Instructor,

Welcome to the National Teaching Institute!

The National Education Council is dedicated to helping students, who wish to take non-traditional education and non-government regulated employment, become employable or self-employed.

We all know that there are hundreds if not thousands of employment or business opportunities that do not require a traditional education degree. Therefore, our mission is to help student's world-wide find and discover alternative education courses and schools that will help them become employable or earn a self-employed income.

Instructor Benefits

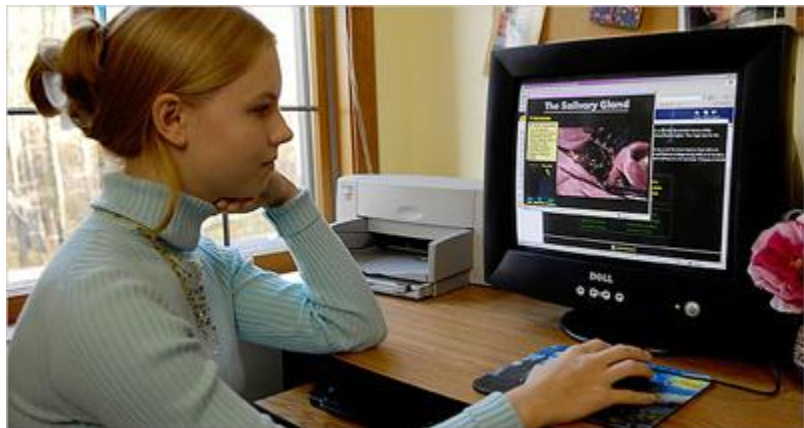

Our online Instructors enjoy not only a lucrative income potential but also the best distance education technology a team of people who care about your success and the satisfaction of knowing they have made a difference in someone's life!

Are you an expert in your field or currently teach a course?

The National Teaching Institute is currently seeking qualified instructors in just about every field. We have many categories for you to teach a course in and are not limited to new categories if you have a special course you would like to introduce to us.

Here are our current categories:

- Public Safety
- Tactical Training
- Crime Prevention
- School Tutoring
- Pet Training
- Spiritual
- Marketing
- Sales Training
- Sports & Hunting
- Gardening & Herbs
- Health & Fitness
- Cooking
- Software & Design
- Hobbies

How it Works

The National Teaching Institute trains instructors so our students can go out in their local community and teach specialized courses in their topic of choice. Some students will also take our courses to improve their credentials. NTI specializes in courses that are non-government regulated type courses.

How you will earn money...

Once you submit your course to us the NTI engineering department will create an online course for you teach. Our engineers, technicians, web developers and marketing team will handle everything for you!

Once the course and promotional materials have been added to our system (approx. 5 business days) we will begin promoting the class for you...

The moment you obtain a student you will earn 50% of the course fee. This will be your pay to teach the class.

Again we will handle everything for you:

- + The Online Course Creation
- + The Marketing Material and Ad Copy Creation
- + The Sales Calls
- + The Technical Support
- + and much more

If you were to handle all of this work yourself you would spend thousands of dollars and hundreds of hours just setting up your course...then you would still be required to spend a lot of money and time obtaining students once your program was in place. NTI provides all of this at NO COST to you!

As an Instructor your responsibilities will be...

- + Provide us the initial course information
- + Answer any questions the students have via email and possibly online chat (optional)
- + Read submitted essay questions

The average Instructor only works a few hours a day while earning an exceptional income!

Our Online Technology will put your course on "Auto-Pilot"!

Our online technology will automatically provide your students their reading assignments and grade all quizzes and test for you...there will be no need to manually grade any papers. This will be handled instantly for you by our software! Again, this will free up a lot of your time so you can earn money while enjoying what you love most! Get started today!

Course Acceptance Requirements

Before submitting your course to the National Teaching Institute you need to ensure NTI will accept your program by asking yourself a few questions.

If you can answer “YES” to the questions below you can submit your course:

1. Can taking your course help the student acquire an income by:

- + Teaching it to others OR
- + Starting their own business performing those services

2. Can the course be completed with-in 30 days? (10 days or less preferred)

3. Can the reading materials be provided digitally?

Meaning is the book or reading materials available via digital delivery, PDF or other online delivery format? Links to videos, web sites for additional resources are also okay.

Note: It's fine if the materials are able to be purchased with a digital license. We would prefer not to have to ship books to students. We would rather email them access to the book or materials.

4. Can you make yourself available at lease 2-3 hours per week, if needed, to answer student questions or to critique their essay questions if the course requires this?

5. You agree your course does not offer government regulated job positions/titles such as medical doctor or lawyer etc. In addition, you agree your course does not require additional state board licensing to teach or perform these services such as mental health counselor.

Note: Courses like “**Sexual Harassment in the Workplace**” is fine but courses offered such as “**Become a Mental Health Counselor**” is **NOT** acceptable.

“Please remember...there are hundreds if not thousands of employment or business opportunities that do not require a traditional education degree. Therefore, our mission is to help student's world-wide find and discover alternative education courses and schools that will help them become employable or earn a self-employed income.”

All of NTI's accepted programs are 100% accredited by the National Education Council. <http://nationaleducationcouncil.com>

The National Education Council is dedicated to helping students, who wish to take non-traditional education and non-government regulated employment, become employable or self-employed.
